Full job description

Company Description

Life at Nine.

Nine's strategy is to create great content, distribute it broadly and engage audiences and advertisers.

We are Australia's largest locally owned media company – the home of Australia's most trusted and loved brands spanning News, Sport, Lifestyle, and Entertainment.

Nine's assets include the Nine Network, major mastheads such as The Sydney Morning Herald, The Age and The Australian Financial Review, Nine Radio, digital properties such as nine.com.au, 9Now, 9Honey, Pedestrian.TV, subscription video platform Stan and majority investments in Domain Group and Drive.

Job Description

At Nine, we're reinventing how the country consumes news, across our digital web and mobile app properties such as the Sydney Morning Herald, The Age & Australian Financial Review.

We have a brand new, modern tech stack entirely cloud-first with a fully automated, Slack integrated CI/CD DevOps environment and we need more engineers to take it to the next level.

- Re-invent publishing
- Work on titles consumed by millions of Australians
- Great location, great team
- World-leading Tech

If you're looking for a high performance engineering environment, **flexible Hybrid/Remote work environment**, and want to be part of a Team full of amazingly talented colleagues in a business with the scale of a major

media company - apply for this role now!

What you'll be doing

- Creating auto-scaling, microservices & APIs servicing our huge web and app audiences
- Crafting world-class web applications & interfaces using ReactJS / Redux / HTML5 / SASS / Express & Webpack
- Working in small autonomous Agile squads
- Cross skilling and training on DevOps, React and other areas of our stack
- Building the next generation news experience for a huge audience

Qualifications

Who we're looking for

- 2 years or more of commercial programming experience
- Strong, proven engineering skills
- Excellent problem solvers
- Cloud-first thinkers
- Self-starting, keen to learn personalities
- A passion for software and code
- Testing and quality focus

Some of our tech stack

- Golang
- React
- NodeJS
- Docker
- Kubernetes
- Concourse CI/CD

Above all else, we're looking for people who have a strong positive learning attitude. If you fit the bill, but not quite all the skills, apply and include a cover page telling us why we should consider you. Skills can be learned, attitude is everything.

Media is a fast-changing environment that provides interesting engineering challenges working at scale. Don't miss this opportunity to be part of this team.

Additional Information

What you'll get in return at Nine.

- Career development and quality training
- Up to 16 weeks paid primary carer's parental leave
- Discounts on lifestyle, entertainment, and leisure memberships, including health insurance, dental and gym
- Access to Future Women – a movement to help women connect, learn and lead through unique content and events.

- Hybrid Working/Flexible working
- Discounts on products and services with corporate partners including Samsung, Apple, JB HI-FI, HP, Hertz Car Hire and TFE Hotels
- Nine Cares

Our Commitment to Diversity and Inclusion:

At Nine, we are committed to fostering a workforce that embraces all aspects of diversity and inclusion and where practices are equitable to ensure our people experience a sense of belonging. From day one, you'll be encouraged to bring your whole self to work and will be supported to perform at your best. Should you require any adjustments to the recruitment process in order to equitably participate, we encourage you to advise us at the time of application.

We encourage applications from Aboriginal and Torres Strait Islander people, people with disabilities, and of all ages, nationalities, backgrounds and cultures.

Disclaimer: We do not accept unsolicited agency resumes and are not responsible for any fees related to unsolicited resumes
