Full job description

A great opportunity to join a Local Government organisation on a 3-month temporary basis.

Your new role

The Safety Officers duties will include supporting with site inspections, contractor audits and reports on contractor compliance to safety requirements and specifications, with a focus towards public safety, occupational safety and health, construction safety, and traffic management safety.

Key duties include:

- Promote & monitor compliance with policies, standards, procedures, legislation, & project HSE Plans.
- Compile project HSE performance and statistical reports as required for internal / external reporting.
- Assist with the review and validation of corporate and site procedures
- Maintain systems, HSE data retention and distribution

What you'll need to succeed

Prior experience in a similar role within this area will lead to your success, as will:

- Completion of, or significant progression towards a Tertiary or equivalent qualification in a relevant field or discipline and/or extensive relevant experience.
- Well-developed knowledge of OH&S legislation, Codes of Practice and Australian Standards
- Proven relevant experience in the internal auditing of quality and safety management systems.
- Good communication skills both verbal and written to communicate effectively with internal and external stakeholders
- Previous experience within a Local Government organisation.

- Possession of a current Western Australian 'C' or 'C-A' Class Driver's License or equivalent.
